City of Imus, Cavite

As a dedicated and enthusiastic computer engineer, I am actively looking for opportunities to apply my knowledge and expertise in software development, **UI/UX design**, and **web development**. I am eager to contribute to a dynamic team and enhance my skills through practical experience, aiming for both personal and professional growth.

SKILLS

- Possesses proficiency in utilizing the Microsoft Office 365 suite software.
- Exhibits a high level of effectiveness in utilizing various tools such as Figma, VSCode, and JetBrains IDE suite.
- Has knowledge of web development including HTML, CSS, and JavaScript.
- Possesses a solid foundation in programming languages such as C, C++, Java, JavaScript, and Python.
- Create UI/UX design that is user-centric, visually appealing, and optimized for a seamless user experience, with a focus on accessibility and usability principles.
- Possesses expertise in communication skills, adaptability skills, and problem-solving skills.
- Displays an eagerness and curiosity for continuous learning and development.
- Possesses the ability to create visually appealing and engaging media using software such as After Effects and Photoshop.
